

Office of Foreign Labor Certification
CW-1 Wage Table
July 1, 2023

The Northern Mariana Islands U.S. Workforce Act of 2018 requires the Department of Labor (DOL) to use or make available an occupational wage survey conducted by the Governor of the Commonwealth of the Northern Mariana Islands (CNMI). The Secretary of Labor is required to determine whether the survey meets the statistical standards for determining prevailing wages on an annual basis.

Wages that meet the regulatory standards are used as prevailing wages under the CW-1 program. In the absence of an approved wage in the Governor's survey for a given occupation, the prevailing wage is the occupation's Occupational Employment and Wage Statistics (OEWS) mean wage in Guam. Where there is no Guam OEWS mean wage available, the prevailing wage is the national mean wage, adjusted for purposes of the CW-1 visa program.

In May 2023, The CNMI Governor submitted an occupational wage survey to DOL's Office of Foreign Labor Certification (OFLC), based on the 2018 Standard Occupational Classification (SOC) system. The survey documents show that worker wages were collected for 486 SOC occupations. OFLC confirmed that wages for 417 SOC occupations met the regulatory standards, and 69 did not.

The 2023-24 CW-1 Wage Table contains 848 SOC occupations:

- 417 are assigned Governor's survey wage values;
- 36 are assigned Guam OEWS mean wage values; and
- 395 are assigned Adjusted OEWS wage values.

These wages will become effective on July 1, 2023 and will remain valid through June 30, 2024.

The adjustment factor to the national OEWS occupational wage values for July 1, 2023 to June 30, 2024 is 0.67. This adjustment factor is based upon OEWS data (<https://www.bls.gov/oes/#data>).

Employers must file requests for prevailing wage determinations under the CW-1 program using Form ETA-9141C via the FLAG system.

The wages issued for the CW-1 program are based on the wage source available at the time the prevailing wage determination is issued. The validity period for each prevailing wage determination is based upon the date that the determination is issued but shall not be valid for fewer than 90 days. The validity period of the prevailing wage is listed at the bottom of each page of the determination and in Section E of the determination. Employers must submit Form ETA-9142C via the FLAG system within the prevailing wage determination's validity period.

In addition, employers who receive a prevailing wage determination with a Guam OEWS mean wage or OEWS adjusted mean wage that has subsequently been subsequently replaced by an approved Governor's survey wage must file a new request for a prevailing wage determination with OFLC to receive the approved survey wage. A request to change a prevailing wage determination from an OEWS wage to the Governor's survey wage is not considered a valid request for Center Director Review or appeal.

SOC Code	SOC Title	Wage Source	Wage	Rate
11-1011	Chief Executives	Governor's Survey	\$39.19	hour
11-1021	General and Operations Managers	Governor's Survey	\$22.10	hour
